	PE ACTION PLAN 2023-2024					
Priority -Objective	Action	When	Who	Success Criteria	Monitoring & Evaluation	Resources
Quality of Physical Education Teaching .1 To improve the quality and delivery of the PE curriculum by all members of staff	Staff to ensure when planning, the sequence of lessons builds on prior learning and links to the progression map. Staff to ensure equipment is available for their lesson, if anything is missing/ need to contact SC. Staff to use the iPad and tripod to take photographs and videos during the lesson to record evidence of children's work. E.g. dance routines etc. Children can watch these back and make the necessary improvements when they self and peer assess. Staff to use the progression map to support their confidence and pedagogical content knowledge. Staff to use the planning and resources sent by SC to improve the quality and delivery of lessons e.g. England Dodgeball for KS1, Rounders England videos for UKS2 etc. SC to provide any CPD or support required for new or existing members of staff.	Sep 23 - July 24	SC	 Key vocabulary is used by both staff and children in PE lessons, with the support of the detailed whole school progression map. Staff to ensure they know children's prior knowledge in order to build on this (progression map will support staff with this). Misconceptions will be addressed as and when they appear. Clear modelling by staff, children or videos will support this, Feedback from children will be positive about the content and delivery of their lessons. Feedback will highlight their teacher's enthusiasm for the subject. Children's confidence and levels of enjoyment for PE will have increased, with more children attending the lunch time and after school clubs. More opportunities for self- improvement by using the iPad. Self and peer assessment will be developed. Use of retrieval cards show sticky knowledge has been retained and increased confidence in learning. Discussions with pupils show that they are knowing and remembering more. Start and end of unit quizzes on the rainbow cards will show children can remember the key skills and knowledge required. 	 Whole class feedback forms to show gaps/ sticky knowledge addressed. SC to complete drop ins. Feedback from children (pupil survey/ book talk). Increased amount of children being active during break and lunchtimes (either from using the PE equipment or through engagement in the lunchtime clubs). Staff's confidence and enjoyment for PE will increase. Increased confidence in staff will ensure the 1-4 scale is being used correctly. CT's to support each other ensuring consistency, especially those in the same year group who have PE together. 	Equipment Progression map PE iPad and tripod

OSHL/ Leadership .2 To broaden the range and amount of sports and activities offered to all pupil	Increased amount and range of new equipment outside for the children to use during break and lunch time. This include: skipping ropes, Saturn bouncers, balls, bats, balance boards etc. SC to keep an up to date audit of when to replenish stock so there is enough for the children to use. Soccerstars to lead 2-hour lunch time clubs 4 times a week for children in Nursery up to Year 6. These will be on a variety of sports chosen by the children in a whole school survey. This includes Mixed Football, Girls Football, Archery, Dodgeball, Basketball and Rounders. New after school clubs introduced and led by outside agencies and staff to broaden the range of sports e.g. Basketball, Hockey, Tennis, Archery (and many more). All after school clubs have been chosen by the children in a whole school survey. Girls Football to be offered at lunch time based on the feedback from the children in their survey (completed in July 2023). Sports Council/ Mini leaders to lead and organise lunch time activities for their year group. SC to organise with Sports Council which day(s) they want to do this. Competitions with DCCT competitions will broaden the children's experiences, allowing them to apply the skills they've learnt. This will support their character development. SC to invite PP, SEND and FSM children	Sep 23 - July 24	SC Sports Council Members Mini Leaders Soccerstars DCCT	 -In 2021-2022 we offered 35 after school clubs and no lunchtime clubs. -In 2022-2023 we offered 27 after school clubs and 35 lunchtime clubs. More lunchtime clubs were offered due to our current building and to support parents/ children to equal opportunities. Our target for 2023-2024 is to offer at least 30 after school clubs and 35 lunchtime clubs. -Sports Council & Mini Leaders lead games during lunchtime (supervised by LAs). -Increased levels of enjoyment for PE, lunch time and after schools (survey to collate the results). -Increased healthy school's attitude. -More children observed being active and using the playground equipment. -Increased variety of sports at lunch time and after school led by Soccerstars, SD and St Mary's staff. 	SC introducing some new after school clubs with Soccerstars and St Mary's staff to engage children. This was taken from the surveys the children completed in July 2023 for the next academic year e.g. Basketball, Tennis, Archery etc. SC taken feedback on board from the children and offering a Girls Football lunch time club for all year groups. Staff will lead a club requested by the children in their survey. SC to keep on top of auditing and replenishing the outside equipment for active playtimes.	Soccerstars coach Transport to competitions Equipment
Decement	they've learnt. This will support their character development. SC to invite PP, SEND and FSM children via ClassDojo or personal phone calls.	6		Soccerstars, SD and St Mary's staff. -Children develop skills for a range of sports. -Increased amount of children participating in lunch time and after school clubs.		
Progress .3 To monitor and raise standards in PE, especially G&T and SEND.	Assessment framework to be used to assess the children every half term. Analysing the data on insight to support children to move from a 4-3, 3-2 and 2-1. Whole class feedback forms show assessment for each lesson and how the children are supported to address misconceptions or challenged further. Monitoring and observations to be completed termly to support staff with assessment and judgement.	Sep 23 - July 24	SC Class Teachers	-SC to do drop ins on PE lessons throughout the year to observe the retrieval of sticky knowledge, how skills are modelled and how the children apply it. -Insight and whole class feedback forms to be used to record assessment on the 4-point scale.	All staff to use Insight to input and record summative data on the 4-point scale. SC to support new staff with using the 4-point scale for assessing PE.	SC to be released to complete drop ins. SC to create surveys. SC to analyse insight.

children accessing lessons through school. The current Y5 and Y6 cohorts will benefit from extended lessons to support them (extra 30 minutes).SC to ensure that any new children who join Year 5 or Year 6 throughout the year are assessed on how far they can swim.
-Can use a range of strokes effectively (Front crawl, Backcrawl and Breastroke).
-Can perform a basic float (mushroom or star float) and a push and glide. -Can perform a safe self-rescue in
different water-based situations (reach and throw).
-Can describe how to stay safe in and around the pool, naming the pool rules. -More certificates being awarded in
assembly and for a higher distance. -Feedback from children on their
swimming lessons will be positive. This will be clear in the MS forms they complete indicating at least 4 stars/5 for satisfaction.
